

At Mikasa Hospitality, we believe sharing meals connects us and food has the storytelling power to take us on a journey. Culture can be communicated through food; one taste can transport us to another place and time. It begins with your vision, and it's our mission to provide your creations with a beautiful canvas.

We curate exquisitely crafted pieces tailored specifically for the foodservice industry. With a diverse range of quality products, including dinnerware, glassware, flatware, serveware, and buffet items, Mikasa Hospitality is committed to enhancing your business's success and ensuring your guests' satisfaction.

We invite you to explore our offerings and let your creativity reach new heights. Elevate your tabletop with Mikasa Hospitality as your partner.

Case Study

At Mikasa Hospitality, we pride ourselves on being a solution-oriented company that's always eager to help our clients with any issues they have. So when a major restaurant chain reached out to us looking for some drinkware, specifically some new margarita glasses, we were more than happy to help them. After time spent talking with the client and understanding the exact needs they had, we were able to provide them with a product that perfectly suited their needs.

BONE CHINA

At Mikasa Hospitality, we pride ourselves in being the foodservice industry's source for high-quality, beautiful bone china. Bone china is renowned for its delicate and translucent appearance. Our bone china has a minimum of 44% bone ash which enhances the whiteness and also lends it exceptional strength and a characteristic translucency. We are the largest importer of bone china in the United States, with an expansive offering designed specifically for professional use, a custom presentation can be tailored for each operator.

CALLISTO

Contemporary and stylish, the Callisto collection boasts a beautiful bright white translucence. A gorgeous circular shape with options including smooth or subtle ribbing on the rimmed silhouettes, Callisto provides versatility to showcase any chef's special creation.

VEGAN BONE CHINA

Mikasa Hospitality is the foodservice industry's exclusive producer of Vegan Bone China™. Made using the same composition of minerals and clay of traditional bone china but without the bone ash, it's 100% vegan-friendly and bone-free. The resulting dinnerware provides the same elegance, translucency, and durability characteristics of its conventional counterpart. This ensures a luxurious dining experience without compromising one's commitment to a plant-based lifestyle.

PORCELAIN *Plus*

Porcelain dinnerware is renowned for its delicate appearance, semi-translucent quality, and the ability to showcase intricate designs and patterns. This type of dinnerware is aesthetically pleasing and practical, as it is resistant to scratches, stains, and chipping. At Mikasa Hospitality, we've pioneered **Porcelain PLUS**; a hybrid material that reinforces the dinnerware's durability—providing a lasting product that will perform service after service, year after year.

CANVAS

BRASS

Brass found its inspiration in the Middle East. The robust design with metallic look and hammered texture is the perfect match for fresh, flavorful food. Every piece has subtle nuances in finishing and is made from durable high-quality porcelain. Go for a stylish one-color set-up or mix and match the copper and silver colors for a more playful presentation.

CERES

If you're looking for strong robust tableware in a darker color palette, the black Ceres collection fits the bill. All products are made of durable high-quality porcelain and are matte finished with a reactive glaze technique. On top of the beautiful soft-curved design, the black matte design provides a great contrast for brightly colored foods.

PORCELAIN

Mikasa Hospitality porcelain dinnerware is known for its elegance, durability, and versatility. It is crafted from a fine clay called kaolin, fired at high temperatures to achieve a smooth and glossy finish. Our porcelain dinnerware is renowned for its ability to showcase intricate designs and patterns. Our porcelain is a practical choice, as it is resistant to scratches, stains, and chipping.

It is commonly used for everyday as well as elevated dining occasions, adding a touch of sophistication to the experience.

- 5315912 (6.3" / 14 oz.) 12

RECKLESS

Sophisticated and dramatic, Reckless is an eye-catching contrast to most dinnerware options. The dark base paired with varying rays of beige draws the eye to the center of the plate for showcasing a chef's masterpiece. The high alumina vitrified porcelain material ensures Reckless will endure the test of time.

GLASSWARE

Crystalline glassware is prominent in the foodservice industry and is valued for its exceptional clarity, durability, and aesthetic appeal. Our crystalline glass is exceptionally brilliant and durable. The clarity of crystalline glassware showcases the vibrant colors of beverages and adds a touch of sophistication to the bar and dining experience. Need to talk about pulled stem – major point of differentiation from two piece glass

18/10 FLATWARE

18/10 flatware and utensils are known for their high-quality construction and durability. The term "18/10" refers to the composition of the stainless steel used in these items, indicating that they are made with 18% chromium and 10% nickel. This combination results in a corrosion-resistant, long-lasting material ideal for professional use. We have a broad assortment of unique patterns and styles that are sleek and polished; adding some sparkle and shine to the table.

SERVEWARE

Wilton Armetale products boast a legacy of craftsmanship and innovation in metalware. Established in the 1960s, the brand is renowned for its unique and versatile pieces made from a proprietary alloy that resembles silver but is durable and functional like cast metal. Wilton Armetale items are celebrated for their ability to withstand high and low temperatures, making them ideal for cooking, serving, and general hospitality needs.

WILTON ARMETALE

Each piece is hand polished to capture the beauty and intricate detail of the design. Made of a food-safe alloy, Armetale serveware is ideal for cooking and serving food.

HAND-WASH RECOMMENDED

Mikasa Hospitality dinnerware will provide years of attractive durable use.

We offer the following recommendations:

Washing:

Use of a pre-soak solution can cause a chemical reaction with the china's glaze, which will etch the surface. Once etching occurs, the surface is more susceptible to glaze abrasion, metal marking and food staining.

Never use a scouring pad or powder to remove stains.

When placing dishes in a dish rack, separate china from stainless steel and glassware to avoid metal markings and excessive breakage of glassware.

Always wash soiled china within 30 -45 minutes after use.

Utilize solid plastic racks for washing and storage.

Do not use plastic covered metal racks.

Always store china in active use away from or above the food preparation area.

Always pre-rinse with 110° - 120° F water.

Handling:

Always scrape and rack soiled china immediately after use.

Avoid stacking soiled china. If a backlog does occur, stack by item no more than 12 pieces high.

Never allow soiled dishes to stand overnight.

Stainless Steel Flatware Care and Usage

Your fine stainless flatware will give you years of service and will always look table ready when properly cared for. We offer the following recommendations:

DISHWASHER SAFE

Rinsing and Washing:

Remove all remnants of food from flatware immediately after use. Avoid using steel wool or metal scrapers.

Do not soak flatware for a prolonged period of time or overnight.

Keep knives separate with the blades pointed down.

Avoid low-temperature dishwashing.

It is not suited for stainless flatware.

Always make sure your flatware is clean and dry before storing to avoid corrosion and oxidation marks.

Handling:

Use of perforated cylinders in a portable rack reduce wear and tear on your flatware.

Sort your flatware tines, bowls and blades facing down in the cylinder when transporting, washing and holding in the same cylinder. This prevents contamination when the items are removed for setting the table.

Sort flatware tines, bowls and blades up when using a system where the flatware is transferred from a cleaning cylinder to a storage cylinder by inversion.

Glass Care and Usage

Mikasa Hospitality Glassware is made in one of the finest glass factories in Europe and will provide years of use if it is properly used, cleaned and stored. We offer the following recommendations:

DISHWASHER SAFE

Rinsing and Washing:

Do not twist the bowl in one direction and the stem in another. This will put pressure on the glass and may cause it to crack or break.

Do not store or dry your glassware upside down. This puts pressure on the delicate glass rim and can cause breakage.

Handling:

Avoid storing or keeping wine or other colored liquids in glass as it may stain.

Should stains develop, rinse with 1 part water and 1 part vinegar to gently remove stains.

To get the longest use out of your glassware have a large back up supply of glasses. This allows them to be in service and be cleaned and dried naturally before going back into service.

Recently washed glasses should have time to self cool to room temperature to prevent shocking the glass and causing it to crack.

Make sure you have the correct rack system in place to hold and store your fine glassware.

Do not grab glasses by several bowls at one time. This puts undo pressure on the glass and overtime can cause scratching and breakage.

Only glasses marketed as stacking should be stacked. You risk breakage if you stack non stackable glassware.

Avoid thermal shock by assuring that your glasses are at room temperature before adding ice to the glass.

Tritan Care and Usage

Tritan™ Drinkware offer convenience and safety to the hotel and restaurant staff and guests. They are non breakable, they don't crack or scratch and provide years of safe use when used correctly. Follow below to learn to the best way to treat your plastic serveware to allow for years of beautiful use. We offer the following recommendations:

Rinsing and Washing:

Treat melamine as you would fine china.

Melamine is commercial dishwasher safe.

Do not let food sit and dry on melamine, overtime it will dull the surface. Proteins will build up making the surface appear discolored.

Handling:

Do not expose melamine to direct heat over 200 degrees.

Avoid using warming lamps or other kitchen hear sources to keep food hot on melamine surfaces.

Avoid banging the plates on the corner of a table to remove leftovers.

Wipe leftovers off the surface with a rag to extend the life of your melamine.

Wood Care and Usage

Wash with warm water and a mild soap; rinse and dry immediately to preserve the board's durability. Do not put in the dishwasher or submerge in water. May also be treated with a food-grade oil to preserve its natural beauty.

LifetimeBrands

Mikasa Hospitality is part of Lifetime Brands, a leading global designer, developer and marketer of a broad range of branded consumer products used in the home.
