PEUGEOT OUR EXPERTISE

Based in Quingey in France's Doubs region, Peugeot's factory employs 140 people and manufactures the world's best-known mills!

The whole process is carried out onsite - from design, to technical development, to production.

The wood is turned, varnished or painted, while the mechanisms are machined and assembled with painstaking care, reflecting Peugeot's expertise in crafting wood and steel.

EXPERTISE IN FOUR KEY AREAS

METAL

Since the company was founded, metalworking has been the driving force for Peugeot's ingenuity. In 1840, the first mechanism was engineered from high-quality steel to guarantee an unrivalled level of durability. We are so sure of our quality that our mechanisms come with a lifetime warranty.

WOOD

Our factory features one of the largest woodturning facilities in Europe. We can draw on our traditional expertise to design and produce the mills in our factory from start to finish. Our turning skills can transform a rough block of wood into a stylish table mill.

PAINTING

Once the wood has been turned in our workshops, it is painted in a wide range of colours, whether natural finishes, bright colours, matt tones or lacquer.

ASSEMBLY

All Peugeot mills are assembled in our workshops. Every piece passes through our employees' expert hands as they constantly focus on scrutinising every mill for the slightest imperfection and assembling our mills with the greatest of care. As such, we can guarantee that our products offer the ultimate in quality and harmony.

If our company ever requires an area of expertise that lies outside the company, we only work with the most exclusive partners. For example, the European glass factories that produce our decanters are experts in the traditional technique of mouth-blowing and hand-finishing glass, meaning that every product is truly unique.

PEUGEOT OUR HERITAGE

210 years of history

French-made products are inextricably woven into our DNA! It is part of our legacy.

85 %

of our products are currently made in France.

PEUGEOT OUR COMMITMENTS

French manufacture located in Quingey in the department of Doubs

2 million wood mills and corkscrews turned, painted and assembled per year on site

Steel mechanisms with a lifetime warranty are made in Quingey

Wood sourced from local PEFC™ certified forests (100km surrounding the factory)

Environmentally friendly paints and varnishes (water soluble)

Ceramic ovenware made in Brittany

Recycling of wood chips for the energy sector

In house manufacturing, from product concept to manufacturing (140 employees)

Peugeot know-how has been awarded the Entreprise du Patrimoine Vivant (EPV) label.

ECO-DESIGNED PACKAGING

Eco-designed non-laminated packaging (full-fibre compact boxes) for exemplary recyclability.

PEUGEOT MECHANISMS

For each spice, a specific mechanism has been designed to best express its organoleptic wealth, its singularity, its imagination. This commitment to flavor is backed up with the best attention to the quality of products and performance of the mechanisms.
